

FLOWTRON®

Advanced Electronic System for flying insect control eliminates thousands of insect pests daily

Flowtron Insect Killers improve the health and quality of life by helping to reduce the spread of infectious diseases carried by flying insects and by decreasing the annoyance level caused by flying insect pests.

Flowtron Insect Killers are best because:

- Patented, high-efficiency, non-clogging killing grid
- USDA tested **Octenol** mosquito attractant – **FREE** 30 day cartridge
- Easy bulb replacement
- Rugged, weatherproof construction; will not rust, crack or fade
- Operates for only pennies a day
- Avoids the continuing expense and inconvenience of chemical insecticides

Product code: Model BK-15

Recommended for areas up to **1/2 acre**.

One 15 watt high intensity black light bulb. Model BF-35

unit dimensions: 8.5 x 8.5 x 13.5

wt: 4.8 lbs

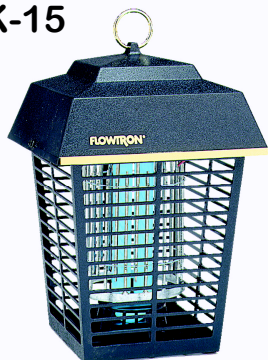

carton: 9.25" x 9.25" x 13"

case pack: 6

wt: 30.9 lbs

carton: 28.5" x 19.25" x 14.5"

pallet: 90 Qty.

Product code: Model BK-40

Recommended for areas up to **1 acre**.

One 40 watt high intensity black light bulb. Model BF-190

unit dimensions: 9.75 x 9.75 x 16.5

wt: 6 lbs

carton: 10.25" x 10.25" x 16.5"

case pack: 4

wt: 28.7 lbs

carton: 21.5" x 21.5" x 17.25"

pallet: 64 Qty.

Product code: Model BK-80

Recommended for areas up to **1 1/2 acre**.

Two 40 watt high intensity black light bulbs. Model BF-150

unit dimensions: 11 x 11 x 18.5

wt: 8.6 lbs

carton: 11.25" x 11.25" x 19"

case pack: 4

wt: 38.1 lbs

carton: 23" x 23" x 19.5"

pallet: 64 Qty.
